

# Irwin Creek Tributary

## Phase 2 Yeoman Road to Dewitt Lane

Charlotte Water is preparing for an important project that will expand the wastewater system in your area. Project representatives will hold informal meetings in your neighborhood soon to share more details about the project and what to expect during its design and construction. Please join us at either meeting to learn more and ask questions.

### Dates and Meeting Locations:

**Friday, September 27, drop in 5:30-7 p.m.**  
Corner of Ellenwood Place and Yorkshire Dr

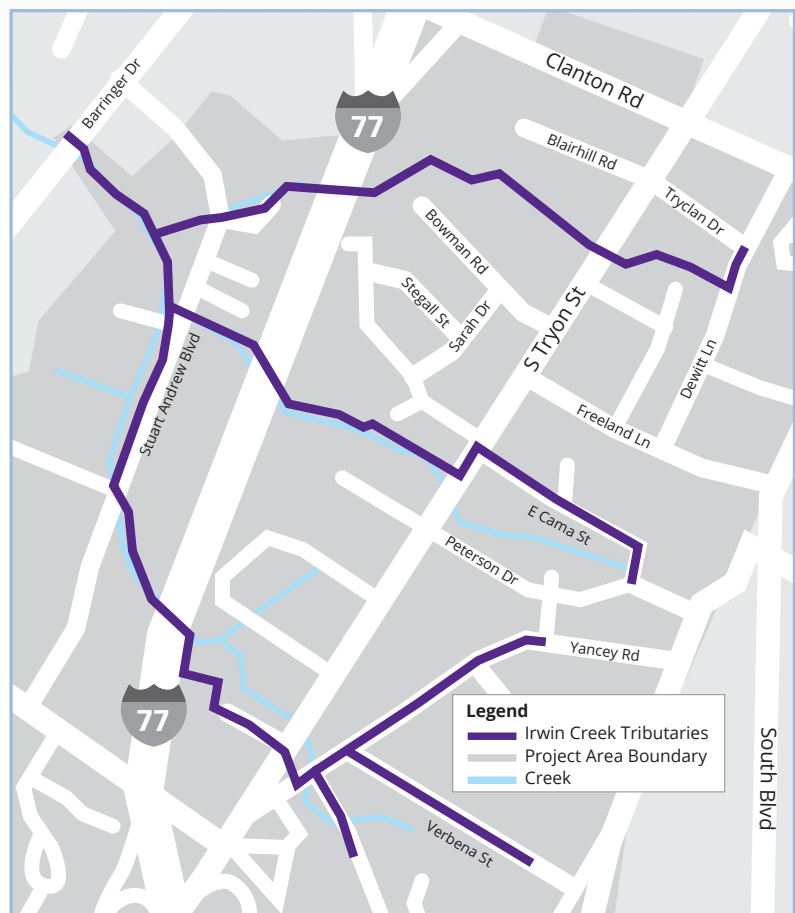

**Thursday, October 3, drop in 5:30-7 p.m.**  
Corner of Peterson Drive and Herriot Ave

### Project Facts and Timeline:

- The project will reduce the risk of wastewater overflows and protect water quality in Irwin Creek.
- Preliminary planning and final design work is underway until spring 2020.
- Construction will begin in 2020 after design is complete.

### Field Activities to Expect:

- Land surveying and underground utilities marking
- Marking specific areas with temporary flagging, ribbons and wooden stakes
- Soil sampling
- Exploratory drilling
- Easement acquisition – for properties that will be directly impacted by construction, Charlotte Water representatives will contact property owners directly to discuss gaining the needed easements

**QUESTIONS:** Please visit the project website at [www.charlottewater.org](http://www.charlottewater.org) (click on “projects”) for updates on progress. If you have a question, please contact project manager Will Rice, (704) 578-9734, [wrice@charlottenc.gov](mailto:wrice@charlottenc.gov).
